Kostenlose Häkelanleitung: Elefantenkorb

[PDF hier herunterladen](#)

Dieser kleine Elefantenkorb ist perfekt für den Wickeltisch oder als Geschenk für werdende Mütter. Der kleine Korb eignet sich hervorragend zur Aufbewahrung von Schnullern, Feuchttüchern, oder was auch immer du möchtest. Der Elefant wird hauptsächlich mit [Shamrock Yarns 100%](#)

[Merzerisierte Baumwolle](#) gehäkelt.

Größe

Der Durchmesser des Korbes beträgt ca. 16cm und die Höhe des Korbes ca. 6cm.

Material

- 3 x [Shamrock Yarns 100% Merzerisierte Baumwolle](#) 241 Petrolgrün
- 1 x [Shamrock Yarns 100% Merzerisierte Baumwolle](#) 02 Weiß
- etwas Restgarn (ca. 15cm) [Shamrock Yarns 100% Merzerisierte Baumwolle](#) 01 Schwarz für die Augenbrauen
- 1 x [Scheepjes Stone Washed](#) 828 Larimar
- ca. 50cm [Baumwollpopeline mit Druck](#) 024 Wilde Tiere
- 2 x [Sicherheitsaugen 10mm](#)
- ca. 10cm [Lederband Schwarz 120cm 15mm](#)
- 1 x [Füllung](#)

- [Häkelnadel](#) Größe 2,50 and 3,00mm
- [Stopfnadel für den Abschluss](#)
- [Lochzange](#)

Abkürzungen

Lm = Luftmasche

MR = Magic Ring

fM = feste Maschen

zun = Zunahme

bl = das hintere Maschenglied

Anleitung

Der Korb

Beginne mit der Farbe für den Elefantenkorb. Der Korb wird mit 2 zwei Knäueln und einer Nadel 3,0 gehäkelt.

Runde 1: Häkle ein MR mit 6 fM (6)

Runde 2: 2 fM in jede Masche für die gesamte Runde (12)

Runde 3: *1 fM, 1 fM zun* für die gesamte Runde (18)

Runde 4: *2 fM, 1 fM zun* für die gesamte Runde (24)

Runde 5: *3 fM, 1 fM zun* für die gesamte Runde (30)

Runde 6: *4 fM, 1 fM zun* für die gesamte Runde (36)

Runde 7: *5 fM, 1 fM zun* für die gesamte Runde (42)

Runde 8: *6 fM, 1 zun* für die gesamte Runde(48)

Runde 9: *7 fM, 1 zun* für die gesamte Runde (54)

Runde 10: *8 fM, 1 zun* für die gesamte Runde (60)

Runde 11: *9 fM, 1 zun* für die gesamte Runde (66)

Runde 12: *10 fM, 1 zun* für die gesamte Runde (72)

Runde 13: *11 fM, 1 zun* für die gesamte Runde (78)

Runde 14: *12 fM, 1 zun* für die gesamte Runde (84)

Runde 15: *13 fM, 1 zun* für die gesamte Runde (90)

Runde 16: *14 fM, 1 zun* für die gesamte Runde (96)

Runde 17: *15 fM, 1 zun* für die gesamte Runde (102)

Runde 18: 1 fM in bl für die gesamte Runde (102)

Runde 19 - 32: 1 fM in jede Masche für die gesamte Runde, den Faden abschneiden (102)

Der Rumpf: Häkelnadel Größe 2,5

Beginne mit der Farbe für den Rüssel.

1. Runde: häkle einen MR mit 6 fM (6)

2. Runde: 2 fM in jede Masche für die gesamte Runde (12)

3. - 4. Runde: 1 fM in jede Masche für die gesamte Runde (12)

Wechsle zur Hauptfarbe des Elefanten.

Runde 5 - 11: 1 fM in jede Masche (12)

Runde 12: *1 fM, 1 fM zun* für die gesamte Runde (18)

Runde 13 - 16: 1 fM in jede Masche (18)

Runde 17: *2 fM, 1 zun* für die gesamte Runde (24)

Runde 18-20: 1 fM in jede Masche für die gesamte Runde (24)

Runde 21: *3 fM, 1 zun* für die gesamte Runde (30)

Runde 22 - 15: 1 fM in jede Masche, den Faden abschneiden aber einen Fadenrest zum Zusammennähen übrig lassen.

Do not stuff the trunk, but sew it together at the top before assembling. I have chosen to sew with a thread at the top of the trunk in the same colour as the tip of the trunk. Squeeze the tip of the trunk slightly to form a small hole in the trunk. Sew on the trunk where you want it on your basket.

Augen: (make 2) crochet hook 2.5

Use the white yarn.

Round 1: make a mr with 6 dc (6)

Round 2: 2 dc in each stitch für die gesamte Runde (12)

Round 3: *1 dc, 1 inc* for the entire round, break the yarn but leave a yarn tail long enough for sewing (18)

Sew the two parts lightly together in the middle so that the eyes sit close together.

Attach the eyes to your elephant basket. Insert the safety eyes through both the white crocheted eyes as well as the basket.

I chose to embroider a small eyebrow with the black colour.

#RITOHOBBY

Cheeks: crochet hook 2.5

Choose the colour you want your elephant's cheeks to be.

Round 1: make a mr with 6 dc (6)

Round 2: 2 dc in each stitch for the entire round, leave a tail of yarn long enough for sewing later.
(12)

The ears: (make 2): crochet hook 2.5

Each ear consists of 2 parts, one part is crocheted in the elephant's main colour, the other in the same colour as you used for the tip of the trunk. You therefore crochet 2 parts for each ear.

Round 1: make a mr with 6 dc (6)

Round 2: 2 dc in each stitch for the entire round (12)

Round 3: *1 dc, 1 dc inc* for the entire round (18)

Round 4: *2 dc, 1 dc inc* for the entire round (24)

Round 5: *3 dc, 1 dc inc* for the entire round (30)

Round 6: *4 dc, 1 dc inc* for the entire round (36)

Round 7: *5 dc, 1 dc inc* Omgangen ud (42)

Round 8: *6 dc, 1 inc* for the entire round (48)

Round 9: *7 dc, 1 inc* for the entire round, break the yarn (54)

The 2 parts are crocheted together. Turn the work so that the colour you want the inside of the ear to be is facing out as you crochet.

Crochet 1 dc through both the outer and inner part of the ear. Break the yarn, but leave a tail of yarn for sewing later.

RITO
#RITOHOBBY

Legs (make 4) crochet hook 2.5

Start with the colour you used for the inside of the ears.

1. round: make a mr with 6 dc (6)
2. round: 2 dc in each stitch for the entire round (12)
3. round: *1 dc, 1 dc inc* for the entire round (18)
4. - 6 round: 1 dc in each stitch, for the entire round (18)

Change to the main colour of the elephant.

RITO
#RITOHOBBY

7.- 12 round: 1 dc in each stitch, for the entire round, break the yarn and leave a tail of yarn for sewing later. (18)

Stuff the legs before sewing them on.

Embroider small nails with the white colour.

Tuft of hair: (crochet hook 2.5)

Start with a dc in the top of the basket where you want your little tuft of hair to be. * Make 6 ch, 1 dc in next stitch * repeat until your tuft of hair has the desired size. Break the yarn and weave in the end on the back.

RITO
#RITOHOBBY

Leather patch:

As a nice little detail, I have chosen to sew a leather patch on the back of the elephant.

Cut a piece of your leather patch about 10cm. Bend it and make 2 holes with a punch plier.

Fold the patch over the edge of your basket and sew through the holes with the elephant colour. Weave in the ends on the back.

RITO
#RITOHOBBY

The tale:

Cut 3-4 pcs of yarn and fold them in the middle. Pull them through the basket to the back, but stop again when you are all the way through. Tie a small knot on the back and sew tight so that the tail doesn't fall off. Tie a small knot on the front. Cut the tail to the desired length.

Lining:

Cut a circle (the bottom of your basket) that is 1cm wider than your basket in diameter (approx. 17cm).

I found a plate that fits in size and drew after it.

RITO
#RITOHOBBY

Cut a strip (the edge of your basket) of 10x60cm. Measure to make sure it fits all the way around your bottom

RITO
#RITOHOBBY

piece.

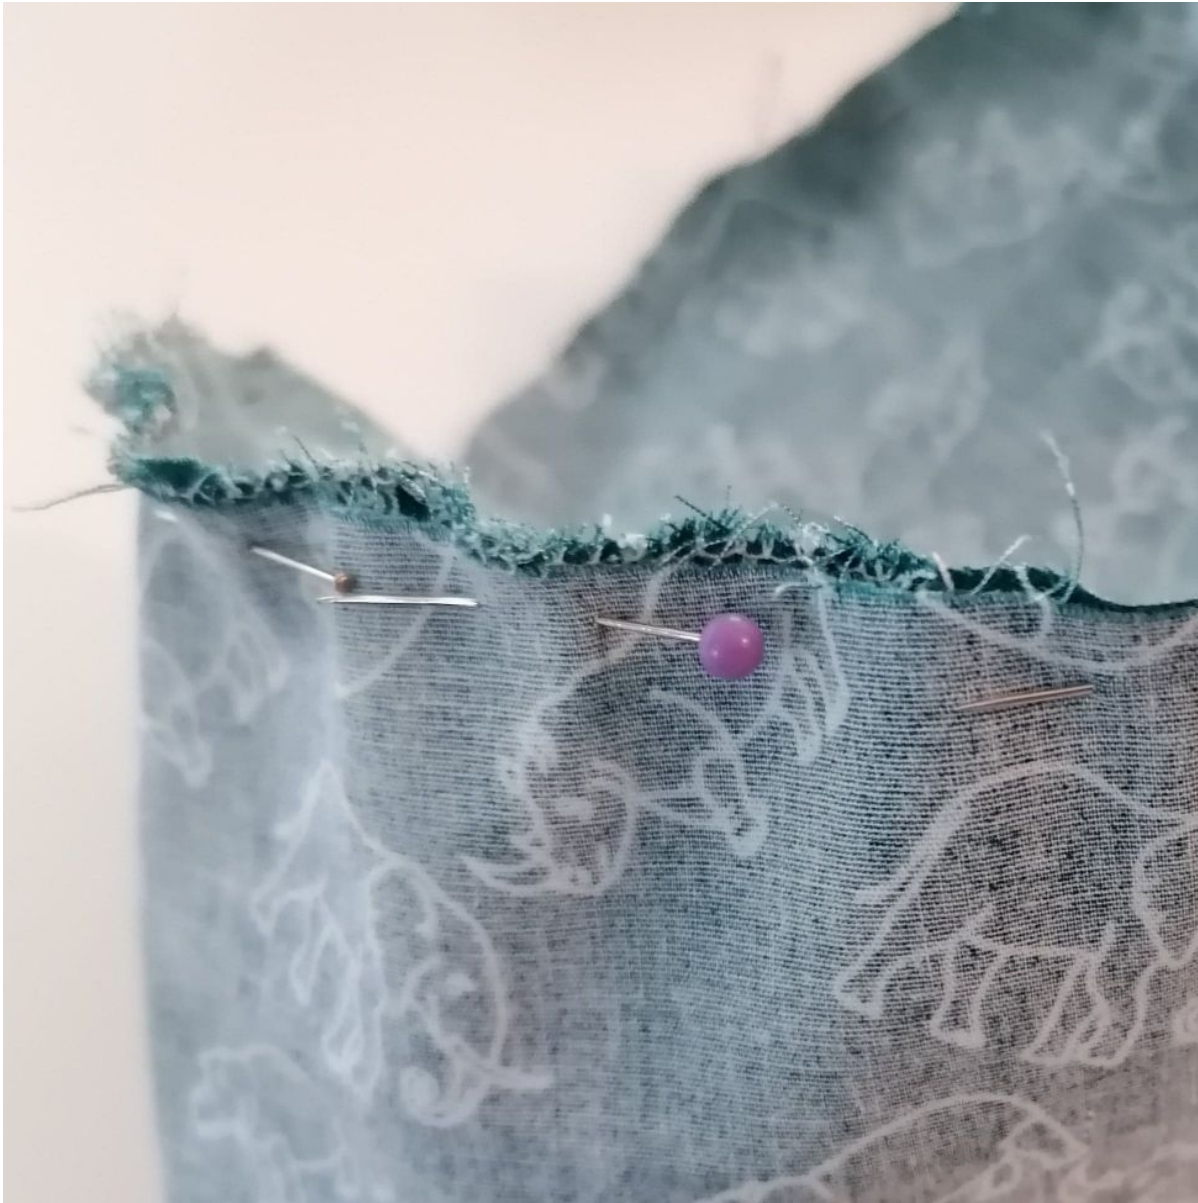

<

Zig zag all the way around on both bottom and edge.

Put bottom and edge together with needles on the back. Sew approx. 0.5cm all the way around.

RITO
#RITOHOBBY

Test whether the bottom fits your basket as you go.

RITO
#RITOHOBBY

<

Attach the lining by bending the edge over at the back so that it fits in the height of your basket. Sew it with small overcast stitches by hand.

RITO
#RITOHOBBY

Assembling the legs, trunk, eyes, cheeks and ears:

- I have chosen to attach the trunk between rows 8 and 9 (if you count from the bottom of your basket).
- Legs are placed at the bottom row of stitches with about 18 stitches in between on each side of the basket.
- The ears are attached at the top 3 rows with about 18 stitches in between.
- The eyes are placed just above the trunk. Insert the safety eyes through the basket.
- The cheeks are placed between rows 4 and 8 from the bottom.
- Your basket is now ready for use.
